Turning Pop Up Blockers ON and OFF in Various Web Browsers

Internet Explorer 11
To Turn Pop-up Blocker on or Off, click on the Tools icon, then click on Internet Options, then click on the Privacy tab, then under Pop-up Blocker, select or clear the Turn on Pop-up Blocker check box and then click on OK. This option turns the Pop-up Blocker On or Off for all sites.

Or

To Turn Pop-up Blocker Off for specific sites like the SDCCD portal, click on the Tools icon, then click on Internet Options, on the Privacy tab, under Pop-up Blocker, make sure Turn on Pop-up Blocker is checked and then select the Settings option. The Pop-up Blocker Settings box will appear and you can type in https://myportal.sdccd.edu underneath “address of website to allow” and click the Add button. Note, depending on your version of Windows, you may only be allowed to type in myportal.sdccd.edu. Then click the Close button, then click OK to exit the Internet Options box.

Internet Explorer 9 and 10
Go to the Tools Menu or Alt-T and select Pop-up Blocker from the list and select Turn off Pop-Up Blocker. This option turns off the Pop-up Blocker for all sites.

Or

Go to the Tools Menu or Alt-T and select Pop-up Blocker from the list and then select Pop up Blocker Settings and then in the Address of website to allow box, type in https://myportal.sdccd.edu and press the Add button, and you should now see myportal.sdccd.edu appear in the Allowed sites box.
